RE: No Smoking Policy

It has come to our attention that we are getting a number of people who are smoking in the breezeway area and next to the building entrances. In accordance with Colorado State law, smoking is not permitted anywhere within 1125 Seventeenth Street. In addition, **smoking is not permitted within 25 feet of any building entrance**. Around the building there is no smoking signage posted and the security staff monitors these areas to insure that this rule is being followed. Security will now be asking people to please abide by the rules and ask them to move away from the building if they are smoking.

We ask that smokers please proceed to Skyline Park adjacent to the building – seating and ash trays are available in the park. Thank you for your cooperation.
